

NEXO
SONIC INNOVATION THAT WORKS

The LS1200 Subwoofer extends the usable range of the PS15 Loudspeaker to 29 Hz.

This provides high performance and high power output (135 dB Peak) in an extremely compact, light weight package.

One LS1200 is typically used with 2 PS15 loudspeakers, additional units may be used for an enhanced effect.

Integral pole mount that supports one PS15 Loudspeaker.

High power system (135dB Peak SPL @ 1m) with 18" VLF long excursion driver.
