

The Shure Beta 58A® is a high-output supercardioid dynamic vocal microphone designed for professional sound reinforcement and project studio recording.

It has become a leading choice among vocalists and touring professionals worldwide.

The Beta 58A has a shaped frequency response that's ideal for close-up vocals.

The superb performance of this microphone is not affected by rough handling because of its rugged construction, proven shock mount system and hardened steel mesh grille.

Microphone

FEATURES

- Frequency response tailored for vocals, with brightened midrange and bass roll off to control proximity effect
- Uniform supercardioid pattern for high gain before feedback and superior rejection of off-axis sound
 - Neodymium magnet for high signal-to-noise output
 - Hardened steel mesh grille that resists wear and abuse
- Advanced pneumatic shock mount system that minimizes transmission of mechanical noise and vibration
 - Minimally effected by varying load impedance
 - Legendary Shure quality and reliability
